ASTROLOGICAL PSYCHOLOGY

Astrology is one of the oldest combinations of art and science. Although often misrepresented historically it has become recognised as a valuable tool for the development of human potential. The birth chart is used as a psychological tool helping the development of self awareness.

Bruno and Louise Huber researched and developed this approach in Switzerland over many years, combining selective astrology with Roberto Assagioli's psychosynthesis. Our courses are based on their results and inspiration.

API(UK)

API(UK) is the membership organisation for students of Astrological Psychology and the Huber Approach. It is non-profit making and run by a Council of honorary officers and tutors.

The Association aims to provide courses, and a family of common interest, in Astrological Psychology and the Huber Approach.

MEMBERS

Members receive the newsletter Conjunction, and are offered discounts on fees for events run by the Association. They also receive notification of events, General Meetings, availability of resources, etc. Members can have their say at the Association's annual General Meeting

Newly enrolled students receive free membership for the current year. Students are expected to remain members while their studies continue. Certificate and Diploma Holders should remain members if they wish to keep abreast of developments.

The annual membership fee is £15, payable early January. We encourage members to pay by Banker's Order to assist in keeping administrative costs to a minimum.

COURSES

We offer a range of Foundation Modules suited to those new to astrology, or to those already familiar with it.

Our Modular Diploma Course teaches the techniques of the Hubers' psychological approach to chart interpretation for working with clients. Its eight Modules are interlinked, but can also be taken separately.

Details of courses are in our prospectus.

ASSESSMENT AND AWARDS

Assessment is on a continuous basis. We look for a high standard of competence. Courses have been approved by the Advisory Panel on Astrological Education (APAE) as meeting the standards required for a Course in Astrology. Our Diploma Course is recognised as offering a professional qualification by the Association of Professional Astrologers.

A certificate is awarded on successful completion of Foundation and Diploma Modules. A Diploma in Astrology or Astrological Counselling is awarded on successful completion of the Diploma Course.

PERSONAL GROWTH

Most of our Diploma students not only learn astrology, chart interpretation and astrological counselling skills, but find that the course helps develop their own self understanding and personal and spiritual growth.

EVENTS

We offer a programme of seminars, workshops and conferences, including annual Face to Face workshops that are an integral part of the Diploma in Astrological Counselling.
